### House Manager Information Form

#### House Manager Responsibilities:

- Consent to undergoing a criminal background check
- Ensure all residents are home by curfew and do room checks before locking up for the night
- All unemployed residents must be up by 9am and job searching by 10am • All residents are drug tested weekly. 2-3 per day, log the results with name, date & status
- Ensure chores are being completed and house is in order
- Do daily check ins with residents, regardless of time sober 5-10 minutes of one on one time
- Thursdays - check in with residents & update progress of appointments needs (dentist/doc/etc)
- Sundays - all residents must complete a GI. One hour to complete this task & then they must be inspected
- General property search must be completed twice a week.
  - Medications must be kept in a lockbox, in a safe. The house manager must unlock the safe, and allow the resident to unlock their lockbox, which only they and the program director know the code to. Upon the unlocking of the lockbox, the house manager must distribute the prescribed dose, and witness the resident take the medication upon administration. House manager must keep a log of medication administration, which they and the resident must sign and date each time medication is administered.
